

**20 things to do with a stick**  
With a bit of imagination,  
a humble stick can be anything!

**1 Game**

Set up a game of woodland noughts and crosses. Use sticks to create a grid, and other sticks to make the noughts and crosses. Or use pine cones, leaves or flowers instead.

**2**

**Stump drum**

Turn a pair of sticks into super drum sticks: find a stump and use them to beat out a rhythm!

**3**

**Twig tower**

Collect sticks from the woodland floor and layer them on top of each other to see how high you can build a towering twig tower.

**10**

**An important sign**

Make a trail for your friends to follow through the woods. Or make up a secret code of arrows, crosses and other symbols.

**9**

**Magical divining stick**

Find a bumpy, knobbly stick and use it as a map. Follow the twists and marks to a secret, magical place.

**Super Sticks!**

**4**

**Stick man**

Use sticks for the body, leaves and grass for hair and clothes, and seeds for eyes, noses and ears.

**8**

**8**

**Twirling mobile**

Make a woodland mobile from sticks, leaves, autumn seeds and wood, and hang it from the trees.

**6**

**Den**

Use big sticks to make a den large enough for people to shelter in, or use little sticks to make a teeny tiny den for minibeasts.

**5**

**Catapult**

Find a strong forked twig and tie a length of elastic to each fork (a snipped elastic band is ideal). Ping berries or rolled up balls of grass at pine cones lined up in a row.

**7**

**Magic wand**

Use sticks to cast spells or freeze people in place.

**Remember, never fire your catapult at people or animals.**

## 20 things to do with a stick

With a bit of imagination, a humble stick can be anything!

### 11 Broomstick

Collect a bunch of small, thin twigs and tie them to a much bigger, straight stick with string or sticky tape. Perfect for flying off in the moonlight!

12

### Sculpture

Create fantastic outdoor animal sculptures using sticks, leaves, seeds and petals. What will you make?

13

### Pooh stick

Make like Winnie-the-Pooh: find a bridge over a stream or river and drop sticks from one side of it. Race to the other side to see whose stick emerges from under the bridge first. Work out which way the water is flowing or your stick will go the wrong way!

### 20 Poo investigations

If you spot some poo, break it apart with a stick to find out what the animal has been eating.

### 19 Sketcher

Turn a blank mud canvas into an outdoor masterpiece – use a stick to draw pictures and patterns or write messages in mud.

# Super Sticks!

14

### Pair of antlers

Pretend you're a stag living in the woods. Find some sticks that look like antlers and hold them up to your head, then leap gracefully through the trees.

18

### Picture frame

The only way to frame an outdoor art masterpiece.

16

### Wind chime

Hang sticks of different lengths and thicknesses from a branch and listen to them gently knock against each other in the breeze.

15

### Stirrer

Perfect for mud soups, flower petal perfumes or magic potions.

17

### Marshmallow fork

Perfect for toasting gooey marshmallows over a campfire.

### Make sure a grown up helps you toast the marshmallows!
